Proper bookkeeping gives the business owner an abundance of information needed to manage their business. Yet, for most business owners it's importance is overlooked. According to an Industry Canada Study, "The main reason for business failure is inexperienced management."

If you are a business owner or someone working for a business and need encouragement, support and information to increase your knowledge on bookkeeping, then this session is for you. Let's make bookkeeping less of a burden in 2020 and more of a benefit to help grow the business you love.

William Samplonius, owner of H&N Tax Services, is celebrating his companies 20th year in business. They provide personal and small business taxes, bookkeeping, payroll, government remittances and all other related services.
